

PLEGIUM SMART- USER MANUAL

PLEGIUM SMART PEPPER SPRAY

PLEGIUM Smart Pepper Spray is a smart pepper spray that sends free automatic text messages about your location and activates phone calls to your emergency contacts - made possible through the free Plegium app. In addition, the spray is equipped with a powerful siren and a stroboscopic LED light. Warning: The spray is for single use.

Set up in 1 minute:

1. Download the free Plegium app
2. Connect your Smart Pepper Spray in the app
3. Add up to 5 emergency contacts

Instructions for use:

1. Place your thumb on the top of the spray trigger under the safety cover
2. Press firmly in the middle of the trigger to activate all functions
3. Spray over the eyes, then aim for the nose and mouth

If you want to test all spray functions except spraying, press the TEST button on the side of the product for 10 seconds. Then return it to its original position.

Plegium provides a new product warranty free of charge, in case of use during an attack. The incident must be documented by the police and a copy of the report is sent to the company.
